Morinaga Milk and German Subsidiary MILEI GmbH Co-Exhibit at Vitafoods Europe 2024 in Geneva

2024/6/18

We are pleased to introduce our joint exhibition with Morinaga Milk and MILEI at Vitafoods Europe 2024, held in Geneva, Switzerland from May 14th to 16th. Vitafoods Europe is the largest exhibition of nutritional supplements in Europe, attracting over 1,000 exhibitors and more than 15,000 visitors from around the world. The exhibitors cover a wide range of industries, including ingredients, raw materials, branded finished products, contract manufacturing, and service equipment. Major companies from the probiotics industry also participated in the exhibition. The location for next year's event has already been decided, and it is scheduled to be held in Barcelona, Spain.

At the event, Morinaga Milk and MILEI jointly exhibited at the booth. During the Speaking Session, we presented our probiotics, incorporating the latest research findings. After the presentation, we received many visitors at our booth, and we felt the growing expectations for our unique probiotics.

If you would like more information about our probiotics, please contact us at:
